

Hello all and welcome to another season of skating..

And please let's get it right

From the start on..!

Together we can keep this enjoyable for all..

(And a heads up : we will check on the few that are trying to spoil it..)

The Ice Rink Creed

- ✓ The rink belongs to the whole community, we will share it with all and treat other users with respect

- ✓ We will take the time to leave the warm up shed and change rooms cleaner then when we got here (there are brooms and dust pans in the change room).

- ✓ If we use firewood we will refill the supply next to the stove for the next people

- ✓ If we move snow off the ice, it will all go OVER the boards and there will NOT be a pile left in front of the gates or against the boards.

- ✓ We will use the out houses, and not make puddles in the snow for kids to find.

- ✓ We will respect that this is a public area- and liquor is not allowed – especially not when kids are around and we will not leave traces and smell of alcohol behind for others to clean up

- ✓ We will have fun !! share the ice and make sure everyone can enjoy our great rink

Got more ideas...add on... and help us make all this happen..
