Public Water Supply – Gareth Earl

3. **Adoption of Agenda**

MOTION: 2018-06-001 Ann moved the Agenda be adopted. Peter Second – CARRIED.

4. **Presentations and Delegations**

Project: Mount Lorne Potable Water Fill point.

The small water system will meet or exceed the Canadian Guidelines for drinking water quality. It will be a stand-alone structure and it would be self-served. Statistical results from the online survey were presented to the council and 8% of the population responded. Colin advocated that this water system should not be at the fire department because of lack of space and for safety measures. It is suggested that the water supply system will be located at the community center and it would be useful if this system could fit with the fire department connections because Mount Lorne does not have hydrants and not much water supply. This small water service, which will be owned by YG, is expensive and will need to be maintain by an operator/trained person. Gareth, Jonathan and Matthias will come at a second meeting and present the estimate for the flow /capacity and the costs.

5. **Review and Adoption of minutes from last meeting**

MOTION: 2018-06-002 Ann moved the minutes be adopted. Peter Second – CARRIED.

6. Approval of Accounts – Financial

7. Reports from Committees

a. Rural Governance Structure

We will have more information at the next meeting from Bob.

8. Correspondence

9. Old Business

a. Review of Action Items

b. Local Area Plan Review

A special meeting was held, and it was to decide to talk to Jerome to get an official status of where KDFN is at.

ACTION ITEM: Bob will set up a meeting with Jerome.

c. Website update

Lisa is the point person for the council and she started transferring information from the old website to the new website.

d. Civic Address Update

Remove from agenda

e. Dogsled Crossing

Lisa contacted Lucas from Highways and he does not think that signs are a good idea, but he wants to help as well as Rob Cook. A meeting will be held at the community center with all the mushers to decide the best approach to take.

f. Agricultural Policy Review

Ann submitted the survey, but it will be better to contact Sheila and other people more specialized in this field to help completing the survey.

g. Mining on Annie Lake Road

Carl Schulze, Project Manager for Aurora Geosciences Ltd., held a super attended public meeting at the community centre to present the two mineral exploration proposals before YESAB: Red Ridge and Mt Anderson. There was overwhelming concern and opposition to the Red Ridge project. Since the meeting, YESAB has posted a Public Notice, extending the comment period for the Red Ridge project to June 15, to allow the public to comment on proposed changes to the project, which

include the helicopter staging area and the company proposing that the project now be serviced not just by helicopters, but primarily by ATVs along the Red Ridge Trail. This would require upgrades to creek crossing. The community, CTFN and the Burns family are not in favor of the Red Ridge project.

The council has drafted a second comment submission to YESAB, stating our opposition to the project. John Streicker is willing to review the LAC comment submission.

ACTION ITEM: Lisa will write a letter and send it to John and copy Monica Nordling (John's EA)

h. Placer Claim on Aspen Lake

Peter followed up with mining recorder's office regarding the noncompliance of the placer miner. They said that the lot has been cleared out and everything is gone from the site. A friend of this miner has staked and the whole things has started over.

ACTION ITEM: Peter will write a letter, circulate to Council, and copy Carolyn Moore and John Streicker.

i. RRC Wire Update

Remove from the agenda

j. Administrative Assistant

Kym and Lucile will meet again this month to finalize the hand over.

10. New Business

a. Fire Smart -

Etienne reached out to Lisa as the Annie Lake councilor. The process did not seem fair to take decisions from a small group that affect the entire community. The upcoming LMCA meeting will devote more time to FireSmarting.
